GRANTS PASS

OREGON

OREGON GROWN GLADIOLUS
SPRING 1931

Our bulbs are grown on new soil each year. Our long growing season and gravity irrigation enables us to grow bulbs cheaper than elsewhere. In turn we are passing on these benefits to our customers and pricing stock accordingly. We are located in Oregon's largest gladiolus growing center. In 1928 over 600 acres of glads were grown within a radius of 10 miles of our city and 31 carloads shipped, not including less carload lots or express shipments.

The list includes most of the better commercial varieties and many of the best novelties. All priced very reasonable. Our old customers send us repeat orders year after year. Our new ones are always satisfied. Give us a trial and be convinced.

READ THIS BEFORE ORDERING.

We exercise the greatest care to have everything true to name and will replace free, or refund the money, on any untrue stock. If for any reason you are dissatisfied with the stock, when received, return it and your money will be refunded including any transportation charges you have paid. We want only satisfied customers.

TERMS—Net cash before shipment: 25 per cent deposit will hold orders until Spring. Orders not fully paid will be sent C. O. D. for balance, at the time for shipment to your locality.

SHIPMENT—Orders for \$2.00 or more from this list prepaid anywhere in the U. S. or Canada. Eastern orders will be sent as soon as danger of frost is past. Local and Pacific Coast orders can be sent any time. Safe delivery to your Express or Post office Guaranteed.

All stock offered, and orders accepted, subject to prior sale.

"It's the Glad that makes us glad. But it's the Climate that makes the Glad."
